

## **OUR INJECTABLE THERAPIES**

AMINO BLEND (Arginine, Citrulline, Lysine, Proline) A powerful combination of essential & non-essential amino acids that help:

- Build and repair muscle
- · Boost metabolism and burn fat
- Improve endurance and energy
- Support tissue regeneration and overall function

\* VITAMIN D3 Vital for immune support, bone strength, and mood balance. D3 injections may help:

- · Combat fatigue and bone pain
- Improve calcium absorption for stronger bones
- Reduce the risk of cardiovascular disease and cognitive decline

**GLUTATHIONE** Known as the body's "master antioxidant," glutathione helps:

- Detoxify the liver
- · Reduce oxidative stress and inflammation
- · Improve complexion and skin tone
- Strengthen immune function and aid in fat metabolism

\*\*B12 (HYDROXOCOBALAMIN) An essential vitamin to help energize your body and mind. Benefits include:

- Boosted metabolism and red blood cell production
- Enhanced nerve function and cognitive clarity
- Support for fatigue, anemia, and mood

## **NEXT-LEVEL WELLNESS FROM WITHIN**

**L-CARNITINE** Support weight loss and heart health with this amino acid derivative.

L-Carnitine helps:

- · Convert fat into usable energy
- Improve physical performance
- Support cardiovascular and metabolic function

**L-GLUTAMINE** A stress-responsive amino acid that:

- Promotes muscle recovery post-workout
- Supports gut health (IBS, ulcers, leaky gut)
- May aid in brain health (mood, memory, addiction recovery)
- Helps reduce inflammation and muscle wasting

TRI-IMMUNE BOOST A triple defense combo: Glutathione + Vitamin C (Ascorbic Acid)

- + Zinc. This powerhouse injection may:
- Strengthen immune function
- · Accelerate recovery from illness
- Reduce inflammation and support skin health

**VITA-COMPLEX** A dynamic B-Complex infusion with: B1, B2, B3, B5, B6 vitamins

- Supports energy production
- · Improves skin, hair, and brain function
- · Eases inflammation and boosts mood

ONLY \$50 PER INJECTION
